SimRisk 2021

Are you a credit risk professional?
Are you part of a top-performing team?

You and your colleagues can now go head-to-head with fellow professionals from across Europe, to find out who is the best of the best, by competing in **SimRisk 2021**.

It's a unique, innovative and interactive simulated business game developed especially for our community of like-minded credit risk teams.

Your team of four/five is invited to prove their skills and expertise in managing a tricky personal loans portfolio, by continually developing, devising and delivering the most effective management strategy.

The winning team will be the one that shows the highest revenues. At the end of the tournament, winners will walk away with the coveted title of *Best Credit Risk Department 2021*.

How it works

The tournament will take place via two 90' minute sessions and one 45' debrief session. At the end of the phase 1 the two teams with higher score will play the Final - single round of 90 minutes.

Teams will be challenged to use PowerCurve Strategy Design Studio software to analyse, adapt and improve originations strategies for a fictitious personal loans' provider.

Typical scenario variables will include risk scorecards, decision policies, loan values and interest rates.

When a new strategy has been devised and agreed, it will be run forward to assess how much money each team may have made. The aim of the first two sessions is to maximize profit of the portfolio.

At the end of each session, the name and score of the current top-performing team for each group will be revealed.

The final top-performing international team will be announced during a special ceremony of the PowerCurve Users' Club Forum in February.

Who is invited

The competition is open to all credit risk professionals – including Heads of Risk, Heads of Retail, Heads of Credit, Heads of Collection and most importantly their staff.

Each team can include a maximum of five people. They will also be invited to create a fantasy team name and select a team captain to act as the spokesperson and the main point of contact for our event organisers.

The Award

Each group winner will be awarded a trophy and crowned *Best Risk Department* of their respective countries. At the end of the tournament's international phase, the top-performing team will be handed the title of *International Risk Department of The Year* and US\$2000 to donate to the charity of its choice.

How to participate

By company

If you would like to submit a company team:

- Provide name and email address for each team member, nominate a team captain and create a team name
- Co-ordinate two options for preferred days/AM/PM
- Reply to the sender of your invitation email with the details above

Mixed teams

If you don't have enough participants from within your company, you can set up a mixed team together with like-minded professionals from your sector. Our Experian Team will then:

- Ask you to provide a name and email address for each team member, nominate a team captain and create a team name
- Help co-ordinate two options for preferred days/AM/PM

Once all the teams are confirmed, the team captains will be sent an email with details on how to register everyone for the tournament.

Each team will also be assigned a 'Driver' – an Experian consultant that can assist throughout every leg of the game and offer regular updates.

Before the tournament gets underway, you will receive a Welcome Pack, a tournament schedule and webinar invitations.

Each team must ensure 75% participation per session in order to continue earning points.
